“Joining the Greater Irving–Las Colinas Chamber wasn’t just about networking — it was about integration. From day one, I wasn’t just attending events; I was invited into the room, given a platform to speak, and a real voice at the table for advocacy. The Chamber doesn’t just convene business leaders — it activates them. If you’re ready to lead, influence, and create meaningful impact in our community, this is where your presence becomes powerful.”
